The judogi control is placed under the responsibility of the IJF Education Commission.

SPARE JUDOGI SUPPLY:

During the competitions organized by IJF, the organizers will supply blue and white judogi of different sizes. The belts of different sizes must also be supplied. Judogi will be available in the “call room” so that any change requirement could be met as quickly as possible. A closed structure for any change request must be located in the control zone.

The replacement judogi must be used only in the following cases::

- Torn judogi during a fight
- bloodstains or any other apparent stains
- irregular size
- irregular or missing backnumber
- inappropriate advertising
- inappropriate emblem
- unofficial brand
- jacket and trousers, if not the same brand
- inappropriate color
- worn out judogi...

The judogi are supplied by the organizers for a fight. The competitor must leave his accreditation card or part/parts of the judogi which does not meet the requirements of the IJF regulations, to the organizers in exchange of the irregular element(s). The spare judogi must be returned back immediately by the end of the fight.

Each athlete is obliged to go through the judogi control before his fight. A specific zone is dedicated for that purpose.

If a competitor refuses to comply with the rules, he/she will exclude himself/herself from the competition.

Note : The spare judogi are supplied for the competitors as a “service”. The organizers cannot be blamed if a competitor cannot find a judogi with a suitable size, whatsoever.

PRESENTATION

The judoka has to show up in the regular dress he would have to appear on the tatami. The EC has decided to cancel the disqualification for a judogi which does not conform to the rules and has replaced it with a coach penalty. If an athlete does not respect the judogi rules, the coach who is responsible for the athlete would be suspended for the rest of the competition of the day. In the case of a repeated offence the coach would then be suspended for the rest of the competition.

JUDOGI CONTROL PROCEDURE:

1. The judogi must not be wet, and show any particular stains.
2. The jacket and the trousers need to be of the same brand and of a uniform color.
3. The name of the fighter on the accreditation card has to correspond to the backnumber.

4. The "IJF Approved" label on the jacket, the trousers and the belt is controlled with a UV optical lamp.
5. The logo of the judogi manufacturer approved as "IJF Official supplier" must appear on the jacket, the trousers and the belt. The brand of the Judogi manufacturer must be identical for the jacket and the trousers.

6. The appropriate backnumber, entirely sewed, with the name of the competitor (corresponding to the accreditation card) and the dedicated advertising of the competition (which can be different for the white and blue Judogi according to the competition protocol).
7. National emblem (on the left side of the jacket at the chest level).
8. Control of the corresponding advertising.
9. Control of jackets, trousers (the malleolus must be visible and accessible for checking the length of the trousers) and belt size in compliance with the current regulations
10. Control of any Protections (knee pad, elbow pad, shin pad...). No metallic part or any other part made of rigid material is allowed. The control of the size of the judogi is operated with the worn protections.
11. Long hair must be tied.

WEARING-OUT OR BLOODSTAIN:

-A fighter's judogi must not show any worn out signs, particularly on the collar and the lapel. If the condition of the judogi is assessed as unsatisfactory, the fighter must wear a spare judogi.

- In case of a bloodstain on the judogi, the fighter must wear a spare judogi.

MARKING MATERIAL (LOGO, EMBLEM, ADVERTISING...):
